

ISEL Symposium on Sustainable Energy Transition

ROYAL SOCIETY
OF CHEMISTRY

Time	Wednesday, November 25 th 2026 – Lecture Day
9:00	Opening Ceremony
9:15-10:00	Francisco Reis (Instituto Superior de Engenharia de Lisboa) <i>Transport and Distribution Networks: Strategic Pillars of the Energy Transition Planning and Operational Challenges</i>
10:00-10:45	Ana C. Oliveira (LNEG – National Laboratory for Energy & Geology - Bioenergy and Biorefinery Unit) <i>Biofuels: Contributing to the Energy Transition</i>
10:45-11:15	Coffee break
11:15-12:00	Teresa Simões Esteves (LNEG – National Laboratory for Energy & Geology – Wind Power Unit) <i>Assessment of the Wind Power Potential: Methods, Tools and Applications</i>
12:00-12:45	HyLab (Sines) <i>HyLab – Green Hydrogen</i>
12:45-14:15	Lunch break
14:15-15:00	Luis da Cruz Tarelho (University of Aveiro) <i>Process and technology of pyrolysis applied to residual biomass to generate energy carriers and intermediate feedstocks for agro-chemical industry</i>
15:00-15:45	Alexandra Pinto (University of Porto) <i>Hydrogen and Fuel Cell Technologies for the Energy Transition: From Research to Real-World Applications</i>
16:00-16:30	Coffee break
16:30-17:15	Ana V.M. Nunes (LAQV-REQUIMTE/FCT NOVA University of Lisbon) <i>CO₂ Utilization for a Circular Carbon Economy</i>
17:15-18:00	Open Discussion

Time	Thursday, November 26 th 2026 – Workshops & Poster Session
9:30-10:30	Jaime Braga (Portuguese Association for Bioenergy Products (APPB)) <i>Transição Energética, que rumo? Qual o papel da bioenergia? Evolução ou Revolução</i>
10.30-11:00	Coffee break
11:00-12:00	Ricardo Aguiar (Directorate-General for Energy and Geology (DGEG)) <i>Perspectives for deep decarbonization of fuels in Portugal</i>
12:00-14:00	Lunch break
14:00-16:30	Poster session and discussions and Coffee
16:30-17.00	Closing Ceremony
